💡 Conclusion

TOP DRIVERS

Tops and **Dresses** lead total sales volume (~1.2M units each).
Jeans and **Coats** generate the highest revenue per item.

CORE PREFERENCES

- **Cotton** is the top-selling material (>2.7M units).
- **Black & White** colors in sizes **M, L, S** dominate sales.

KEY RISKS

- **Dresses & Jeans** face high return rates (~13.9%).
- Heavy sales volume depends on steep discount rates.

NEXT STEPS

- Audit sizing guides for **Dresses & Jeans** to cut returns.
- Re-evaluate discount strategy on core items to protect margins.
